

REMARKS

The above-identified patent application has been carefully reviewed in view of the Office Action of July 10, 2007. In the Office Action, claims 1 and 9 were rejected as being anticipated by Kanikanti US 2007/0065509. Claims 2-3, 6 and 8-9 were objected to for depending on a rejected base claim. Claims 10, 14-17 and 20-22 were indicated to be allowable. Claims 4-5, 7, 11-13 and 18-19 were previously cancelled. Reconsideration of this application in view of the amendments above and the remarks that follow is respectfully requested.

Independent claim 1 was rejected as being anticipated by Kanikanti. However, claim 6, which depends from independent claim 1, was objected to solely for depending from a rejected base claim. Independent claim 1 has been amended above to include the polymer resin limitations of dependent claim 6, and dependent claim 6 has been cancelled.

Kanikanti does not disclose or mention the polymer resins of the present invention of claim 1 as amended. Since Kanikanti does not use the polymer resins of the present invention, the method and final composition of Kanikanti and its effect are different from the present invention. In addition, the method of claim 1 as amended is not disclosed because the polymer resin of claim 1 may be prepared as a mix of the components of claim 1 without using a solvent, and provides excellent durability and anti-microbial or anti-coagulating properties. The method of claim 1 as amended is therefore not anticipated by the cited reference, because the claimed method is different from the method of Kanikanti and the composition and effects of the oral composition of Kanikanti.

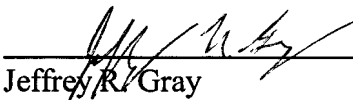

It is therefore respectfully submitted that independent claim 1 as amended is in condition for allowance. Claims 2-3 and depend from independent claim 1 and claim 9 incorporates the limitations of claim 1. These claims are also submitted to be in condition for allowance.

Claims 10, 14-17 and 20-22 were previously indicated to be in condition for allowance. Claim 23 was not specifically addressed in the Office Action. However, claim 23 depends from independent claim 22, which was indicated to be allowed. It is therefore submitted that claim 23 is also in condition for allowance.

Allowance of claims 1-3, 8-10, 14-17 and 20-23 is respectfully requested.

Respectfully submitted,

Date: 9-25-07
